IMPORTANT NOTE:

Rates are based on a 12 month obligation and include the following services: summer dockage, winter storage, haul in and out, seasonal pump-out, hydro, water and one parking space. Rate calculations based on per ft will be calculated using Length Overall (L.O.A.) of your vessel. If the LOA of your vessel exceeds the minimum LOA of your slip, your minimum charge will increase by \$90 per additional ft for dock slips (Dock A, B, C, D, E) and \$72 per ft for long side docking. If you choose not to take the annual package, you will be charged to have your vessel hauled in the water in the Spring of 2012. Non-refundable deposits are only applied to annual fees. Deposits are due by September 1st, 2011. Dock slips not reserved by means of a deposit (\$565.00) may be made available to others. Rates are effective October 1st, 2011. Credits are not applied to annual fees for unused services. All rates are subject to change and applicable taxes apply. A 2% per month interest charge will be added on to any overdue account starting March 15th, 2012.
